Annex A

Key Milestones of Bidadari's Development

August 2013: Bidadari's Master Plan was unveiled.

September 2014: The details and key features of Bidadari's first housing parcel at Alkaff district were announced.

November 2015: The first three HDB BTO projects at Bidadari – Alkaff CourtView, Alkaff Vista and Alkaff LakeView – were launched for sale.

March 2017: Sections of road, which were formerly part of Upper Aljunied Road, were permanently closed to traffic on 12 March 2017, as part of plans to pedestrianise and transform it into a Heritage Walk. In tandem with the closure, a new realigned Upper Aljunied Road opened to traffic the same day.

May 2019: The details of the plan and design for Bidadari Park were unveiled.

July 2019: The first BTO project in Alkaff district – Alkaff Vista – was completed. With more than 4,000 flats across five BTO projects, Alkaff district has the largest number of flats amongst the four districts in Bidadari. The remaining four BTO projects at Alkaff district were completed between November 2019 and June 2024 – Alkaff LakeView in November 2019, Alkaff CourtView in December 2020, Alkaff Oasis in August 2021 and Alkaff Breeze in June 2024.

December 2021: Part of Bidadari Greenway (Greenway South) was completed and opened to the public.

March 2023: The final BTO project in Woodleigh district – Woodleigh Hillside – was completed. The district comprises a total of three BTO projects which were completed between September 2022 and March 2023 – Woodleigh Glen in September 2022, Woodleigh Village in November 2022, and Woodleigh Hillside in March 2023.

May 2023: Woodleigh Mall commenced operations. The mall comprises over 150 shops, offering a variety of dining, retail, services and recreational options.

January 2024: The Bidadari Underground Service Reservoir (USR), Singapore's first underground service reservoir built on low ground, was completed. The USR was planned as a project to test the concept of an underground service reservoir within a new housing estate to enhance the water pressure of the pipeline network and manage peak hour water demand.

September 2024: Bidadari Park, which includes the scenic Alkaff Lake, as well as a stretch of the Heritage Walk, was opened.

September 2024: Woodleigh Village Hawker Centre commenced operations. It comprises a total of 39 stalls offering a variety of food options.

March 2025: The two BTO projects in ParkEdge district – ParkEdge @ Bidadari, and ParkView @ Bidadari, were completed.

April 2025: Woodleigh Bus Interchange commenced operations, complementing existing bus and train services serving Bidadari, and providing residents with improved transport connectivity.

July 2025: The two BTO projects in Bartley Heights district – Bartley Beacon and Bartley GreenRise, were completed. This marks the completion of all 12 BTO projects in Bidadari.
